INTERPRETATION:—Express or freight, fifty pairs, number three naught, nine inch; twenty-five pairs, number four naught, ten inch; and eighty pairs, number forty, eight and one-half inch.

Winslow's National Club Skates.

This cut represents $\frac{3}{0}$, $\frac{3}{0}B$, $\frac{4}{0}$, **300**, **400**.

No. $\frac{3}{0}$. Runners of very best rolled cast steel. Highly polished. Plates, clamps, etc., of cold rolled steel, bright finished. Screws with knurl. Put up in paper.

Sizes, 8 to 12 inches. Price, **\$1.00**

No. $\frac{3}{0}B$. Same as No. $\frac{3}{0}$. Excepting the toe and heel plates which are blued.

Sizes 8 to 12 inches. Put up in boxes. Price, **\$1.25**

No. $\frac{4}{0}$. Same as No. $\frac{3}{0}$, but nickel plated and buffed. Put up in boxes.

Sizes, 8 to 12 inches. Price, **\$1.50**

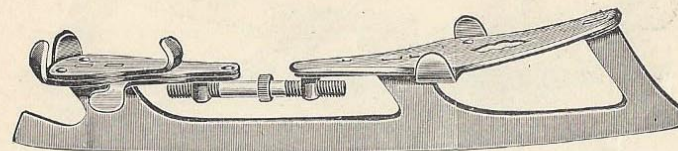

No. **300**. Runners of hardened steel, highly polished. Plates of cold rolled steel, blued finished. Screws with knurl. Put up in boxes.

Sizes, 8 to 12 inches. Price, **\$1.50**

No. **400**. Same as No. **300**, but nickel plated and buffed. Put up in boxes.

Sizes, 8 to 12 inches. Price, **\$2.00**

Winslow's National Club Skates.

This cut represents $\frac{6}{0}$, **9**, **11**.

No. $\frac{6}{0}$. The runners are of welded iron and steel, hardened and tempered, and of the same quality as the best used for many years. Plates, clamps, etc., of cold rolled steel. Screws with knurl. The cheapest skate with absolute first quality welded runner stock in the market. The entire skate is nickel plated and buffed. Put up in boxes.

Sizes, 8 to 12 inches. Price, **\$3.00**

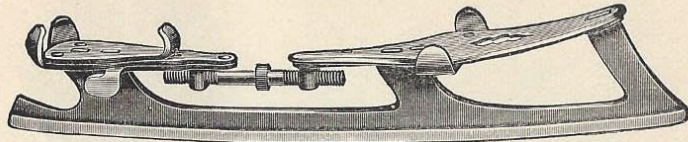

No. **9**. The runners are welded iron and steel, hardened and tempered and nickel plated, and with chamfered edges. Plates, clamps and levers of best quality cold rolled steel. Screws with knurl. All parts nickel plated and buffed. Put up in boxes.

Sizes, 8 to 12 inches. Price, **\$3.75**

No. **11**. The runners are of welded iron and steel, hardened and tempered and beautifully nickel plated, with chamfered edges. The heel and toe plates have chamfered edges, and are made of best cold rolled steel. Clamps are made from special crucible steel. Screws with knurl. All parts are highly polished, nickel plated and buffed. (The finest plain finished stock skate in the market.) Put up in boxes.

Sizes, 8 to 12 inches. Price, **\$4.75**

Winslow's National Club Skates.

Cut represents Nos. **10** and **12**.

No. **10**. The runners are the Flanged Model, which makes them light, strong, and attractive. They are made from welded iron and steel, hardened and tempered, with chamfered edges.

All parts are made from special cold rolled steel, polished edges. The entire skate is nickel plated and buffed throughout. Put up in boxes.

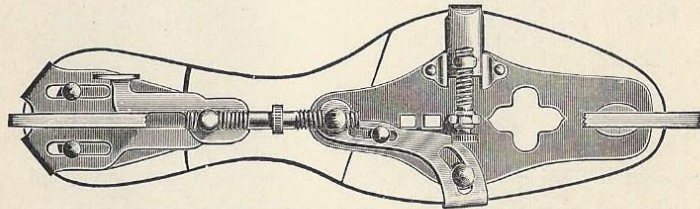

Sizes, 9 to 12 inches.

Price, **\$4.50**.

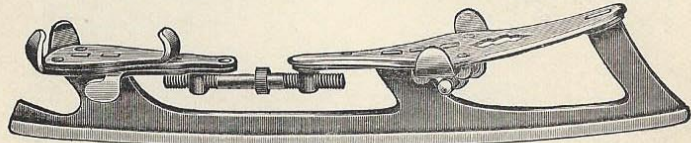

No. **12**. The runners are the same as No. 10. The parts are made from the same material as No. 10 but are highly polished. The entire skate is nickel plated and thoroughly buffed. Put up in boxes.

Sizes, 9 to 12 inches.

Price, **\$5.50**.

Cut Showing Side Adjustments for No. **20**.

No. **20**. Patented January 7, 1902.

Cut above represents our skate with device for side adjustments so the skate may be adjusted on the shoe as desired.

The runners are the Flanged Model and are made of welded iron and steel, hardened and tempered. Plates and runners have chamfered edges. Clamps are made from special crucible steel. The entire skate is finely polished, nickel plated and buffed throughout, and is the finest polished and nickel plated stock skate made. Put up in boxes.

Sizes, 9 to 12 inches.

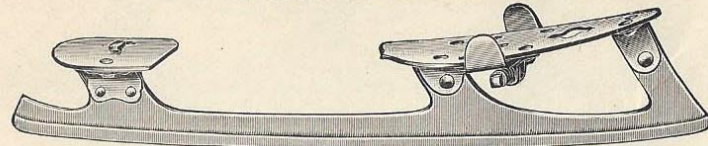

Price, **\$6.00**.

St. Nicholas Skating Club Rink Skates.

(Dedicated to the St. Nicholas Rink of New York.)

No. **14**. As cut below.

RINK HALF CLAMP.

Sizes, 9 to 12 inches. Put up in boxes.

Price, **\$5.50**

With toe points for figure skating,

“ **6.50**

Runners.

The runners are the Flanged Model, which makes them light, strong and attractive. They are made from welded iron and steel, hardened and tempered. They are the hardest runners made. The curves of the bottoms are the same as adopted by the St. Nicholas Skating Club of New York. Every runner warranted.

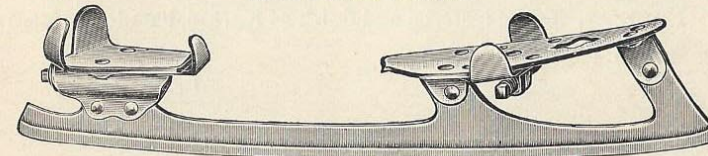

Finish.

All parts are highly polished, heel and toe plates and runners have chamfered edges. The entire skate is nickel plated and thoroughly buffed.

By means of the right and left hand screw connecting toe clamps, the skate may be adjusted to any position on the shoe as desired.

No. **16**. As cut below.

RINK ALL CLAMP.

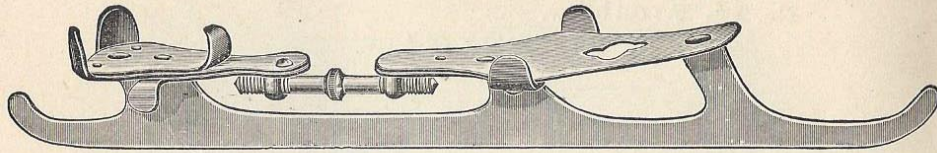

Sizes, 9 to 12 inches. Put up in boxes.

Price, **\$5.50**

We also make our Rink Skates with toe and heel plates, so they may be screwed to the shoes, at same prices as with clamps. Put up in boxes.

THESE SKATES ARE ALSO MADE, FOR LADIES' USE, WITH NARROW TOE PLATES AND SMALL HEEL PLATES.

Winslow's Speed Skates.

This Speed Skate combines, in the shape and quality of its runner, all the points of excellence known to the Champion Speed Skaters of the World. The shoe attachment is light and strong. Winslow's Speed Skates save the feet and legs the weariness occasioned by the use of straps in the wood top skates. Our Stock Speed Skates are made with flat runners as per descriptions below.

Sizes, 9 1-2 to 12 inches in all grades.

No. **310**. Runners made from best rolled cast steel, highly polished. Other parts made from cold rolled steel, bright finished. Put up in boxes.

Price, **\$1.50**

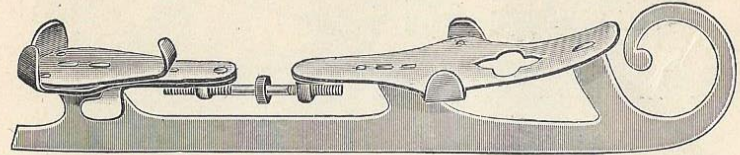

No. **320**. Same material and finish as No. 310, but nickel plated and buffed. Put up in boxes.

Price, **\$2.50**

No. **360**. The runners are of welded iron and steel, hardened and tempered. Toe and heel plates and clamps are made of cold rolled steel. The entire skate is nickel plated and thoroughly buffed. Put up in boxes.

Price, **\$4.00**

Winslow's "Antique" Speed Skates.

Our "Antique" Speed Skates have hand forged runners, and they present a very unique appearance. The fastenings to the shoe are the same as our regular speed skates, and all that is claimed on the preceding page for our regular Speed Skate is obtained in our "Antique." They are made with flat runners.

Sizes, 9 1-2 to 12 inches in all grades.

No. **510**. Runners made from the best rolled cast steel, highly polished. Other parts made from cold rolled steel, bright finished. Put up in boxes.

Price, **\$1.50**

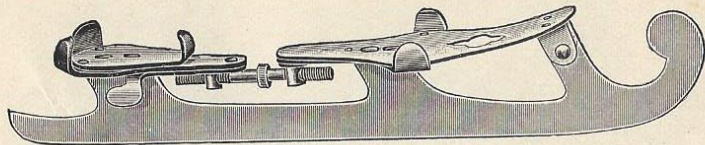

No. **520**. Same material and finish as No. 510, but nickel plated and buffed. Put up in boxes.

Price, **\$2.50**

No. **560**. The runners are of welded iron and steel, hardened and tempered. Toe and heel plates and clamps are made of cold rolled steel. The entire skate is nickel plated and buffed. Put up in boxes.

Price, **\$4.00**

Winslow's "Dutch Flyer" Skates.

The "Dutch Flyer" is made in three grades, as per descriptions below.

The curve of the runners is such that they are adapted for speed and figure skating not requiring toe movements, and many hockey players prefer this curve to the flat runner. They have been pronounced the easiest running skate made.

Sizes, 9 1-2 to 12 inches in all grades.

No. **610**. Runners made from the best rolled cast steel, highly polished. Other parts made from cold rolled steel, bright finished. Put up in boxes.

Price, **\$1.50**.

No. **620**. Same material and finish as No. 610, but nickel plated and buffed. Put up in boxes.

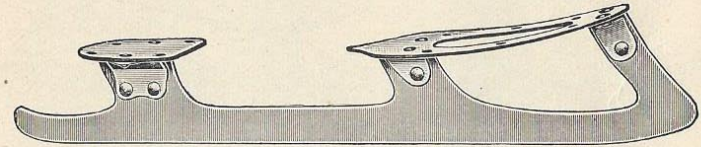

Price, **\$2.50**.

No. **660**. The runners are of welded iron and steel, hardened and tempered. Toe and heel plates are made of cold rolled steel. Clamps are made from crucible steel. The entire skate is nickel plated and buffed. Put up in boxes.

Price, **\$4.00**.

St. Nicholas Skating Club Hockey Skates.

(Dedicated to the St. Nicholas Rink of New York.)

The St. Nicholas Skate represents the combined judgment of the most celebrated ice hockey players in the United States and Canada. Runners are made with straight bottoms.

We wish to call attention to the extra quality and strength of steel used in the brackets on hockey skates. Every bracket warranted not to break.

No. **710**. The runners are made from the best rolled cast steel, highly polished. Other parts made from cold rolled steel, bright finished. Put up in boxes.

Sizes, 8 to 12 inches.

Price, **\$1.00**.

No. **720**. Same material and finish as No. 710, but nickel plated and buffed. Put up in boxes.

Sizes, 8 to 12 inches.

Price, **\$1.50**

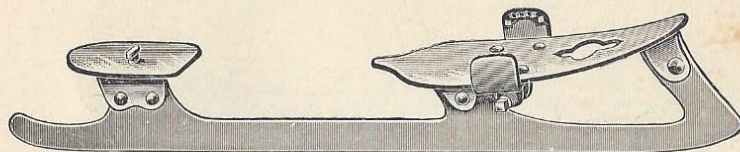

No. **760**. The runners are of welded iron and steel, hardened and tempered, which makes the best runner that can be made for a hockey skate. Toe and heel plates are made of cold rolled steel. The entire skate is nickel plated and buffed. Put up in boxes.

Sizes, 8 to 12 inches.

Price, **\$3.00**

St. Nicholas Skating Club Hockey Skates.

(Dedicated to the St. Nicholas Rink of New York.)

No. **270.** Runners of best rolled cast steel, wood tops fastened to runners with screws and nuts, and brass thimbles, which effectually prevent splitting or breaking. Russet leather heel and broad toe straps, and nickel plated heel bands. Put up in paper.

Sizes, 8 to 11 inches.

Price, **\$1.25.**

Winslow's Double Runner Skates.

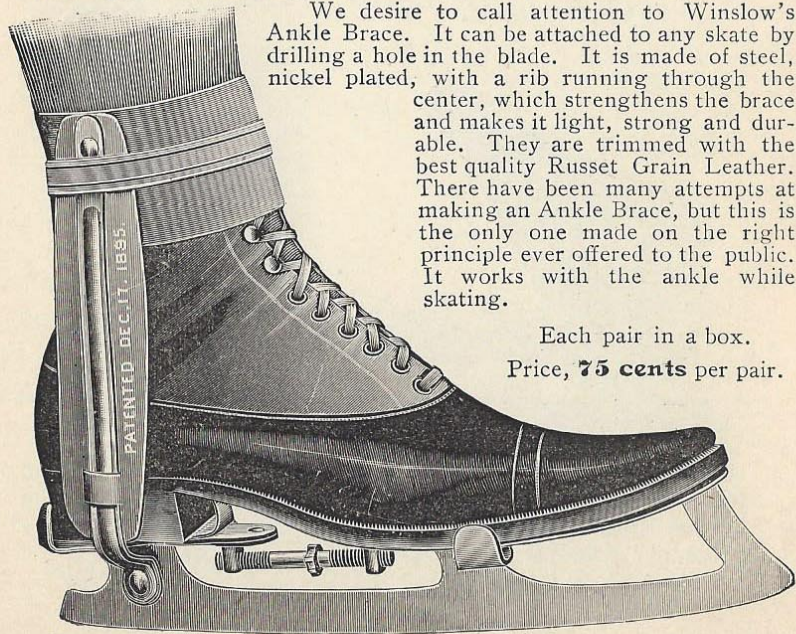

This skate is especially adapted for children learning to skate, and people with weak ankles. They are strapped complete and ready for use. The runners are so wide apart that a child can stand on them with perfect ease. They are adjustable and can be made from a 6 inch to a 9½ inch skate by simply adjusting the thumb screw under the front foot plate. Price, **65 cents** per pair.

Winslow's Ankle Brace.

PATENTED DEC. 17, 1895.

The only perfect Ankle Support made. Can be attached to any skate.

We desire to call attention to Winslow's Ankle Brace. It can be attached to any skate by drilling a hole in the blade. It is made of steel, nickel plated, with a rib running through the center, which strengthens the brace and makes it light, strong and durable. They are trimmed with the best quality Russet Grain Leather. There have been many attempts at making an Ankle Brace, but this is the only one made on the right principle ever offered to the public. It works with the ankle while skating.

Each pair in a box.

Price, **75 cents** per pair.
