

TO THE TRADE.

Commencing the Hardware business in this city in 1843, we conducted it without a Catalogue for thirty years. In 1873 we issued the first Hardware Catalogue ever published west of the Mississippi River.

In January, 1880, we issued a more comprehensive book, which has been of great service both to our patrons and ourselves.

The change of system (Traveling) in doing business, which prompted the first issue, has necessitated our publishing this, our third book.

This Catalogue of 1883 is a most thorough and complete compilation of STANDARD HARDWARE MANUFACTURERS' REAL LIST AND NUMBERS, arranged in departments, with descriptions of goods, illustrated with Cuts unexcelled in workmanship and finish by any.

Our long experience has taught us to keep lines of goods of the BEST MAKERS only.

Recognizing the importance of MAIL ORDERS and prompt shipment of goods, we have so increased our facilities as to enable us to fill all orders AT ONCE.

Soliciting a continuance of your favors, we are,

Respectfully,

A. F. SHAPLEIGH & CANTWELL HARDWARE CO.

St. Louis, March 10th, 1883.

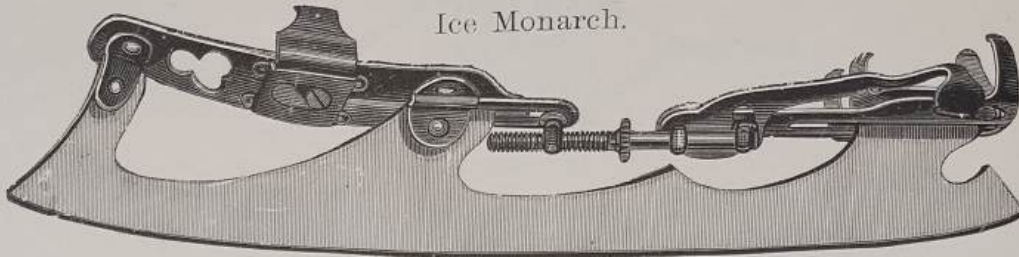

PRICE OF CATALOGUE, \$10.00.

SKATES.

Ice Monarch.

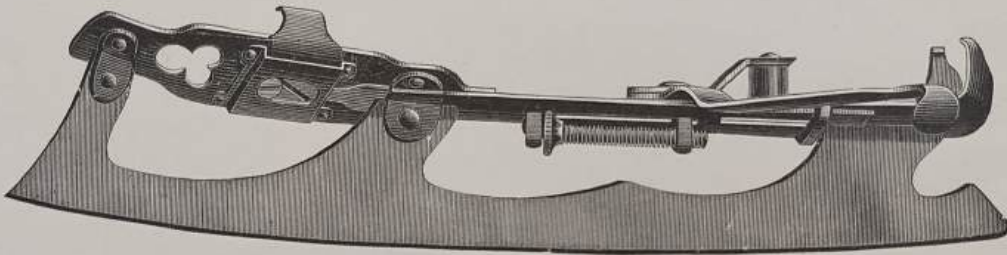

No. 12.

Sizes, 8, 8½, 9, 9½, 10, 10½, 11, 11½ inches.

Steel Ice Monarch Skate.—The foot and heel plates, clamps, draw bar and calm lever are made of the best crucible steel. The runners are made of the best iron and steel, thoroughly welded and tempered in the best manner, and highly polished, thus making it practically a steel skate. All parts are well finished and fully guaranteed.

No. 12, Blued Top, Polished Runners.	Per pair, \$5.00
13, Nickel-Plated,	“ 6.00

Union Lever.

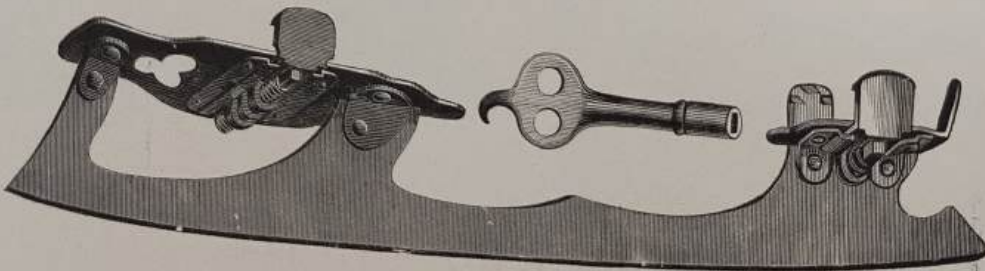

No. 8.

Sizes, 8, 8½, 9, 9½, 10, 10½, 11, 11½ inches.

Steel Union Lever Skate.—The foot and heel plates, clamps, adjusting bar and clamping lever are made of fine crucible steel, well finished. The runners are made of the best iron and steel, thoroughly welded, tempered in the best manner and highly polished.

No. 8, Blued Top, Polished Runners.	Per pair, \$4.00
9, Nickel-Plated Top, Polished Runners.	“ 5.00

Double Clamp.

No. 6.

Sizes, 8, 8½, 9, 9½, 10, 10½, 11, 11½ inches.

Double Clamp Skate—Made with crucible steel sole and heel plates, provided with clamps securely fastened with the patent steel guides; operated with the best gun metal, right and left screw collared in the centre to give equal lateral motion to each clamp. The runners are made of the best steel and iron, thoroughly welded and tempered in the best manner, and highly polished.

No. 6, Blued Top,	Per pair, \$3.50
7, Nickel-Plated Top,	“ 4.50
